Who are we?

1. Founders

TTcoin was created on March 24 by two Turkish brothers (**Tunahan Taner, Tayfun Taner**).

The two brothers, who were successful in most areas before, made researches and then presented TTcoin to the market, which they wanted to establish for two years, but in order to create it under the right plan and to distribute it to the users.

The name TTcoin comes from the initials .

2. Team

TTcoin founders appointed representatives to represent TTcoin all over the world. Mostly, it has made representative appointments in the countries according to the download density in the miner application.

This allows TTcoin to be transmitted to users in a more understandable way through representatives.

The TTcoin team has allocated 1 billion TTcoin as a share. This reserved portion will be distributed to most agents, agreed exchanges, and within the team.

The TTcoin team is preparing a large allowance for TTcoin to be listed on higher exchanges.

What are TTcoin Goals?

1. Goals

The biggest goal of the TTcoin Team is to break new ground in the crypto world.

That's why the TTcoin Team

Their aim is to be listed on all exchanges in the world, then the football club TTcoin wants to establish and create TTcoin products bearing the name TTcoin.

These goals may seem strange, but our goal is to sign projects that will add color to this world.

What is TTcoin Network?

1. Information

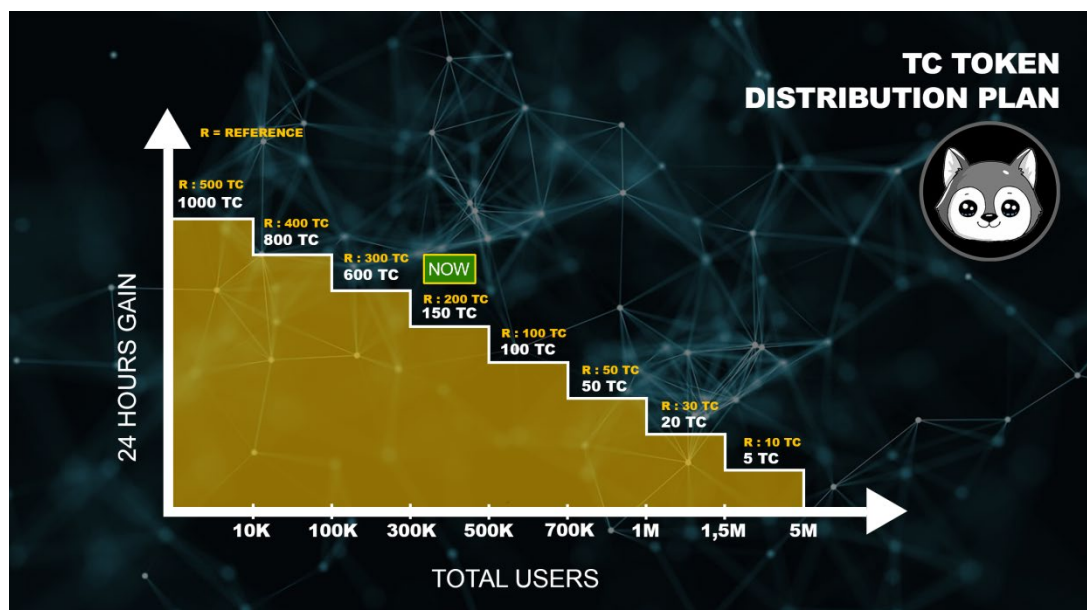

It is an Android application created to distribute an amount of TTcoin to users before TTcoin enters the stock markets.

It is distributed to users within the framework of the distribution plan.
